EDUCATION OF THE REPUBLIC OF TURKEY,
STUDENT ADMISSION CONTRACT TERMS (PRIVATE SCHOOLS)

Contract Terms

1. The calculation for the upper limit of the tuition fees for a particular year, both for new and the re-registering students, is adjusted by multiplying the past year's total with Domestic Producer Price Index plus Consumer Price Index divided by 2. The school can add a further 5% increase to this amount.
2. Our institution announces tuition fees and other expenses (for supplementary courses, food, transportation, accommodation) for the following academic year in the period between January and the end of May. These announcements shall specify yearly educational fees, full payment and installment options, and possible discounts.
3. Prices for social and cultural activities, and excursions are determined individually and prior to each activity. Consent of parents or guardians is a prerequisite for participation in the said courses and activities.
4. Our institution shall not demand further payments from parents / guardians for skills training or internships.
5. Should our institution not announce the tuition fees for a particular year in time, tuition fees from the previous year will continue to be operative.
6. The collection of the tuition fees shall be made to a bank account that is registered in our institution's name and reported to the Governorship. Tuition payments received from the students are registered to the e-school system and this information is passed on to the parents.
7. Our institution holds the right to withhold renewal of enrollment for students whose tuition fees are unpaid by the specified date. The registration of students whose parents / guardians insist on failing to make the payments, will be transferred to an official or appropriate school through the commission of relocation, after the investigations by Ministry inspectors are conducted.
